PROFILE

Results-driven Business Analyst with a Mathematics (Hons.) foundation, 3+ years of hands-on construction operations leadership, and MBA training in Business Analytics at Sharda University. Demonstrated ability to translate operational complexity into measurable outcomes — reduced resource wastage by 10% while coordinating workers across concurrent projects. Now channelling real-world execution experience into analytical modelling, decision analysis, and business intelligence. Actively seeking early-career roles in Business Analysis, Operations Consulting, or Data Analytics where data-driven insight meets decisive action.

EXPERIENCE

Operations Lead

Feb 2022 – Jun 2025

Panwar Construction Company · Uttar Pradesh, India

- ▶ Directed daily site operations across concurrent projects, coordinating 300+ workers and third-party vendors.
- ▶ Cut resource wastage by 10% via data-driven allocation planning and Excel-based tracking dashboards.
- ▶ Streamlined logistics and supplier coordination to consistently optimise project delivery timelines.
- ▶ Authored comprehensive process documentation and handoff plans to ensure a seamless leadership transition.

PROJECTS

Customer Segmentation Pipeline *Python · pandas · scikit-learn · K-Means · matplotlib*

- ▶ Segmented 1,000 customers using RFM analysis and K-Means clustering (silhouette score 0.371); identified 8 distinct segments — Champion cohort (10.8% of users) drives 29.1% of revenue.
- ▶ End-to-end pipeline: synthetic data generation, feature engineering, clustering, and visualization.

E-Commerce Funnel Analysis *Microsoft SQL Server · T-SQL · CTEs · Window Functions*

- ▶ Analysed 9,381 events across a 35-day journey for 5,000 visitors; total revenue \$87,975, AOV \$106.51.
- ▶ Pinpointed View → Cart (31.1% add-to-cart rate) as the key drop-off; overall conversion rate 16.5%. Email traffic led all channels at 33.9% conversion.

EDUCATION

MBA — Business Analytics
Sharda University, Greater Noida

Jul 2025 – Sep 2027

BSc — Applied Mathematics (Hons.)
Amity University, Noida

Mar 2018 – Dec 2021
